Welcome: Please Take Pride in Membership

The Central Bark at Lion's Park seeks to provide a social gathering place for pet owners and a clean, safe environment for dogs to exercise and play.

To successfully achieve those objectives, it is the responsibility of all Dog Park members to learn and practice the etiquette spelled out in the attached Dog Park application. It is our expressed intention that the Dog Park fund itself through memberships and sponsorships. Therefore, each member of the Dog Park shares ownership in this facility and controls the cost of upkeep.

It is impractical to monitor the Dog Park grounds 24/7. Therefore, it is the responsibility of all members to adhere to policies and report violators. Signs reminding visitors of Rules and Fines are posted at the Dog Park and contain telephone and email options for ease of reporting. A key card entry has been installed to limit the risk of strays and irresponsible pet owners. Waste bags and containers are provided to help control health issues. None of these precautions will work without you. Please report those whose actions would jeopardize your pet, others, or the viability of the Dog Park itself.

The cost to join the Dog Park is affordably low to allow as many pet owners as possible to enjoy the privileges of membership. The cost of membership is set at a high standard to help ensure an enjoyable recreational outlet for both pet and pet owner. Please feel free to provide feedback and constructive comments to help shape the future of this Dog Park.

With all new ventures come some growing pains. It will take both your input and resolve to make this Dog Park a clean, safe environment for all pets, and a friendly meeting place for owners.

Please enjoy your membership and visits to Central Bark at Lion's Park.

2015 Dog Park Etiquette and Precautions

Please take the time to read through this and educate yourself about the rules and etiquette. We take safety at the park very seriously. Familiarizing yourself with the rules and etiquette will help you and your pet enjoy your time at Central Bark.

Note: For safety reasons, children 11 and under are not allowed in the dog run areas or dog park.

- 1) Dogs can be unpredictable and rambunctious. Some dogs don't respond well to children running by fast with arms flailing and yelling. Because of this, we highly recommend not bringing any children into the dog run areas for their own protection. Children should not handle any dog toys that are lying around in the park and should always ask permission from the handler **before** petting a strange dog.
- 2) Entering and exiting a dog park is a stressful and exciting event for a dog. Please allow others to enter and exit before you do. This will reduce stress and confrontations between dogs as they are entering the play area. Be sure to securely close all gates behind you for the safety of all.
- 3) After entering the park, let your dog off-leash. Leashed dogs feel threatened when they are around un-leashed dogs. If you are uncomfortable with letting your dog off-leash, don't visit the park. **If your dog wears a prong collar, it must be removed so other dogs do not get caught on it.**
- 4) Supervise your dog during the entire visit to the park. When a new dog enters the park, be aware of where your dog is. Having a group of dogs greet you at the gate can feel threatening to some dogs; don't allow dogs to congregate around the entrance. **Keep your leash with you at all times.**
- 5) Some dogs like to mount - if yours is one of these, you must immediately discourage this activity to avoid any aggression problems from other dogs, or leave the park.
- 6) **Pick up your dog's droppings** and any "orphaned" droppings; carry extra bags with you. Bags and waste receptacles are available. This is your park; help keep it clean and sanitary for all of our dogs

You must understand that you and others who accompany you are participating in this activity at your and their own risk (and risk of your dog). Dogs and permit holders of varying degrees of skill, training and experience use Central Bark.

You are solely responsible for determining if you and/or your dog are physically fit and/or adequately skilled to use Central Bark. It is always advisable, especially if you or your dog is pregnant, disabled in any way or recently suffered an illness, injury or impairment, to consult a physician or veterinarian before undertaking any dog training or exercise activity.

When this Waiver & Release refers to "your dog", "my dog", or the "owner" of a dog, it includes you whether or not you are the legal owner of the dog, since you are the person responsible for the dog while using Central Bark.

WARNING OF RISK

Dog activities are intended to provide a fun and rewarding experience for a dog and its owner/handler. However, despite careful and proper preparation, instruction, medical advice, conditioning and equipment, there is still a risk of serious injury, including death to the dog, its owner/handler or other persons or animals. Dogs are pack animals and when "off lead", even the best-trained dogs will act instinctively. Understandably, not all hazards and dangers associated with dog activities can be foreseen. Certain inherent risks include the propensity of any dog to behave in dangerous ways that may result in injury to you, another person, or dog. Other risks include, but are not limited to, the inexperience, negligence or irresponsibility of a dog Owner/handler; the inability to predict a dog's reaction to sound, movements, objects, persons, or other animals; and actions by the dog due to fright, anger, stress, insect bites, or natural reactions such as jumping, pulling, resisting and biting. Other risks include the hazards associated with environmental and traffic conditions, acts of God, inclement weather, slip and falls, premises defects, equipment failure, failure in instruction/supervision, and all other circumstances inherent to dog and/or outside activities.

Should you attempt to break up a dog fight or restrain a dog, including but not limited to your dog you may be attacked and severely mauled by your dog, the other dog, or attacked by another dog's owner/handler. In this regard, it must be recognized that it is impossible for the Willow Springs to guarantee absolute safety.

Please read this form carefully and be aware that in consideration for permission to use Central Bark, you will be expressly assuming **all risk and legal liability and waiving and releasing all claims for injuries**, damages or loss which you or your dog might sustain as a result of participating in any and all activities connected with and associated with use of Central Bark and surrounding area, against the Village of Willow Springs.
