---

Dear Friends and Neighbors,

Recently the Village had the pleasure of honoring two young Willow Springs residents who achieved their goals with dedication, hard work and sense of giving back to their community: Gabriel and Malik Thalji. Both were recognized at the March 12 Board Meeting for attaining the rank of Eagle Scout in the Boy Scouts of America.

Each of these Eagle Scouts accomplished projects that affected their community: Gabriel spearheaded the construction of an outdoor classroom at Pleasantdale School, and Malik led the installation of an outdoor fire pit and seating area at Pleasantdale Park District.

With the usual recap of negative events and misfortune we see too often in the news, I welcome the opportunity to laud the spirit of community and citizenship these young men, ages 17, and 20, display. Congratulations to their parents, and the staff and members of Troop 69 for their nurturing and support.

Also worth noting, is the recognition our community received by the real estate website, Movoto.com, which contacted the Village to relate that it had made its "Top 10 Chicago Suburbs" list, based on amenities per capita, standard of living, total crimes, violent crimes, high school graduation rate and average commute time. This recognition, in addition to being named last year the "Safest Suburb in the Southland" area, helps improve the image of our small, but proud, town, and further protects our property values.

The coming months entail a busy schedule of infrastructure improvements to improve roadways, parking and drainage in the Village. Returning revenues back into basic services remains the goal of this Village Board as it ensures that our lifestyle and values are protected.

I am pleased to note that our recycling program continues to grow each year. We can all be proud of our efforts to maintain a "Green" community. As the weather warms, don't forget to check out our Dog Park and Splash Pad at Lion's Park. Also, be reminded that Tuesday, April 7, is Election Day in Willow Springs. Please take time out of your often busy schedule to ensure the Village is represented by your choice of the candidates most qualified to lead our Village. With summer just around the bend, please watch for children playing, bicyclists and motorcycles on our roadways.

Warmest Regards,

Alan

# Fitness Club and Restaurant Plans Fall Opening

The multi-million dollar renovation of the former Chalet property, located at 8300 S. Wolf Road, remains on target for a Fall 2015 opening.

Phase one plans of Score Sports Center completed this month with the transformation of the indoor pool and the installation of a state-of-the-art basketball facility to showcase three full-size basketball courts.

Besides swimming and playing hoops, the 60,000 square-foot facility offers a gamut of physical activities and includes a supervised nursery to allow parents to bring their young children. Members can train on the newest Life Fitness cardio machines, play racquetball, or tackle a number of fitness and training classes. Additionally, members can participate in one-on-one, personalized weight loss programs led by an industry professional.

The mission of Score Sports Center is to help local businesses and families achieve a wide range of health and fitness goals in a family friendly atmosphere.

Owners of the Score Tennis & Fitness in neighboring Countryside purchased the property from the Pleasantdale Park District a year and a half ago and set course to completely redo the facility. WTS International, a renowned management company specializing in upscale fitness clubs and wellness centers, was hired to run the day-to-day operations of the club.

In addition to the fitness center, Score Sports Center will offer a full-service restaurant and bar with access for members and non-members alike.

# PUBLICWORKS

## Branch Pick-Up Service

Branch pick-up service runs from May to October 1.

### Pick-Up Schedule

**Southside: 1<sup>st</sup> & 3<sup>rd</sup> Mondays**

**Northside: 2<sup>nd</sup> & 4<sup>th</sup> Mondays**

Place your branches (no more than 3 inches in diameter & 6 feet in length) in the easement. Village code only allows us to spend no more than ten minutes at each household to chip clippings. Public Works does not chip full trees or branches from full trees. You or your contractor is responsible for removing from your property full trees or parts of full trees. Public Works is not able to chip branches from pine trees due to the sap on the branches.

Mixing yard waste with branches will break down village equipment. Public Works will not pick up branches if they are mixed with yard waste.

After October 1, all remaining branches may be disposed through Groot Recycling in the brown waste bags with a lawn waste sticker. The stickers can be purchased at the Village Hall for \$2.70 each. Please store larger branches inside your yard so they may be chipped in the spring.

## HELP FIGHT WEST NILE

Mosquitoes carrying the West Nile Virus primarily come from standing water around your home. It doesn't take much water for mosquitoes to develop. You can take the following simple steps to eliminate potential sources:

- ✓ Throw away all trash that can hold water (cans, jars, bottles, etc.)
- ✓ Clean rain gutters and downspouts to prevent water from standing in gutters or on flat roofs
- ✓ Change water in bird baths, wading pools, etc. at least once a week.
- ✓ Maintain swimming pools properly
- ✓ Keep ditches and streams on or around property free of grass clippings, garbage, and other debris to insure proper flow
- ✓ Stack pails, barrels, tubs, wheelbarrows, and similar containers upside down
- ✓ Clean out and fill tree holes
- ✓ Stock ornamental ponds with goldfish or other surface-feeding fish
- ✓ Dispose of used tires properly

# Village Prepares for Busy Schedule of Infrastructure Improvements

The Village of Willow Springs is undertaking several exciting projects within the community. The Village is working on sidewalk, road, parking lot, and drainage improvements throughout the Village. The projects will address several areas in need of improvement that will improve functionality of facilities, aesthetic improvements, and enhance the quality of life for residents within the community. Highlight projects include:

**“Willow Walks” is a ‘Safe Routes to School Project’** that will consist of sidewalk improvements to provide a pedestrian walkway to Willow Springs School. The project is currently in design and will entail additional sidewalk to the south, west and east. The most exciting component will be pedestrian access across the ravine at Vinewood Avenue. The Village committed to completing this project, working through several re-design applications to comply with federally- funded aspects of the project. This access will compliment and link the School Drop-off Zone along Vinewood Avenue which the Village funded in 2006. Another ‘Safe Routes’ project installed sidewalks in 2012 along the path to Pleasantdale School, along German Church Road and School Street.

**A new Village-owned parking lot for Metra commuters** is currently in design stages, with the goal of construction in the spring. The Village reviewed multiple conceptual plans to ensure that the needs of the community were met. The selected plan will help complete the Village Center area and provide additional off-hours parking for future business growth. The improvements will provide closer access to the Metra Station, safety improvements and additional landscaping to the Village Center.

**The West Suburban Water Commission has two water main improvement projects** planned in the Village this year. The water main along Cedar Street will be replaced from Forest Street to Elm Street. Spring Street will also receive a new water main from Archer Avenue to Blackstone Street. The Village plans to work with the Water Commission to time its planned road paving improvements along Cedar Street with the water main installation. Cedar Street has been identified as one of the Village’s highest priority roads in need of repair. An additional water main project is planned for Hill Street, from Blackstone to Archer. Again, the Village addresses any necessary road maintenance at the same time to economize resources. The Water Commission continues to improve water service lines in the Village, having recently completed the removal and upgrade of the final four-inch main on its system.

**The Village, in conjunction with the Metropolitan Water Reclamation District,** is approaching the bid stage for Phase Two of a drainage project along the Ravine Watershed route. Last fall, in the initial phase, the Village improved the alleyway between Hill and Springs streets in advance of the MWRD phase which will manage storm water draining down from the higher elevations of the Forest Preserves.

**As part of a separate Stream bank Stabilization project,** the MWRD is already underway with improvements along Poston Road where the banks of the Cal-Sag Channel are being restored from major erosion.

**Left turn lane improvements along Archer Avenue** began in March with the Illinois Department of Transportation planning to complete work by mid-June. Please be prepared for occasional lane closures as the project progresses in coming weeks.

# Fire Department News

## *Tri-State looks back at 2014, plans for future*

Tri-State Fire Protection District continues to evaluate capabilities and upgrade performance to provide the best possible fire and emergency medical service. In 2014, Tri-State FPD activated one of three new 2015 Ford 450 Ambulances (with a Wheel Coach Box) into its fleet. The other two Ambulances will be added into service later this year.

Tri-State FPD continues to handle all repairs and maintenance internally, for all fire department vehicles, to control quality and costs.

The Tri-State's Fire Prevention Bureau relocation, from Darien to Willow Springs, is now complete; the Bureau's two Inspectors/Fire Investigators and Administrative Assistant now share half the firehouse space at 8259 Willow Springs Road. Among many things, the Bureau inspects all business properties, investigates all fires and reviews plans to new buildings for tenants wishing to occupy space within the district.

The Fire Prevention Bureau has inspected many of the businesses in Willow Springs, and is on target to complete a full inspection of all structures. Tri-State's goal, as a Fire Department, is to ensure Willow Springs residents' safety and peace of mind.

\*In 2014, The Willow Springs Station responded to 568 EMS/Fire Rescue calls for Willow Springs residences and businesses.

Tri-State is proud to announce that in December 2014, the Fire Prevention Bureau was honored with two "Fire Investigators of the Year" awards for providing evidence resulting in the arrest of a subject on a "Class X Felony" Arson Charge.

As a part of the Village community, Tri-State FPD participated in many of the Willow Springs events last year including: the Children's Fishing Derby, Easter Egg Hunt, Halloween Party, "Chatting with The Chief" School Program, the Benefit Car Show, The Tree Lighting Party at Village Hall, and the Christmastime Santa Run.

**Please mark your calendars for October 2015, when the Fire Department holds its Annual Fire Department Open House, at 8259 Willow Springs Road.** Bring the kids to enjoy a close-up look at the Firehouse and Equipment. The exact date and time will be announced via the Newsletter, Village signs, the Village website, and Facebook page. We look forward to seeing you there.

## *Electronic Recycling Reminder:*

The Village sponsors an electronics recycling service for **residents of Willow Springs only**. Items can be dropped off at the Willow Springs Fire Station, 8259 Willow Springs Rd., from 8 a.m. to 8 p.m. You must show proof of residency upon dropping items off. For questions, call the Fire Department (708-839-5665).

**Accepted items include: televisions, CRT monitors, LCD monitors, Computers, laptops, printers, fax machines, copiers, VCRs, keyboards and mice, DVD players, microwaves, stereos, speakers, cable cords, telephones, cell phones, game consoles, and handheld devices (iPods, CD players, etc.)**

# Willow Springs makes Top 10 Best Chicago Suburbs List

*(Reprinted from [movoto.com/chicago-il/best-chicago-suburbs/](http://movoto.com/chicago-il/best-chicago-suburbs/))*

Whether you're heading to Chicago for the museums, the theater, the architecture, or the food, there's no doubt about it, you'll be impressed with all this city has to offer. It's a wonderful place... to visit.

But to live there? That takes a certain kind of person. Someone who loves city life through and through. Someone who doesn't mind the hustle and bustle and maybe a little noise.

For the rest of us, though, there are always the suburbs.

Don't worry, these 10 places aren't your stereotypical boring suburbs—they are near Chicago, after all. No, these 10 places are cream of the crop.

Here are the 10 best Chicago suburbs:

1. Burr Ridge (tie)
1. Park Ridge (tie)
3. Glenview
4. Kenilworth
5. La Grange (tie)
5. Palos Park (tie)
7. La Grange Park (tie)
7. Western Springs (tie)
9. Wilmette
10. Willow Springs

We created this list by looking at Chicago's nearby communities in terms of the following criteria:

Amenities per capita

Standard of living (cost of living, median home price, median rent, median household income, and student to teacher ratio)

Total crimes

Violent crimes

High school graduation rate

Average commute time

## 10. Willow Springs

Source: Little Red Schoolhouse Nature Center via Facebook

The Village of Willow Springs is the perfect community for those looking to get away from it all.

Here you can get back to nature at one of the community parks or forest preserve trails. You can connect with your family, without all the distractions of a big city (including amenities).

And you can get to know the people around you—which you undoubtedly will, as Willow Springs is only about four square miles and 5,000 people strong.

It's peaceful, it's quiet, and it's literally about 10 times safer than living in Chicago.

# SEVERE STORM SEASON IS UPON US!

~Siren testing is always the first Tuesday of each month~

**TORNADO WATCH:** THIS MEANS THAT CONDITIONS ARE RIGHT FOR A TORNADO. BE PREPARED TO TAKE COVER IF ADVISED.

**TORNADO WARNING:** THIS MEANS A TORNADO HAS BEEN SIGHTED IN THE AREA AND TO TAKE COVER IMMEDIATELY.

Severe spring and summer storms bring tornadoes, flooding, and lightening damage to many states across the country. It is strongly advised that you try to be prepared in the event of a storm, especially the lightening that often accompanies it. Here are some important safety tips to consider:

- Keep an eye on the sky. Look for darkening skies, flashing light, or increasing wind.
- Listen to the weather radio.
- Turn off your air conditioner.
- Draw blinds and shades over windows to prevent glass from shattering into your home.
- If you are in a mobile home or car and a tornado warning occurs, get out and find sturdier shelter.
- If someone is struck by lightning, call 911 and begin CPR if necessary. They do not hold an electrical charge.

## It's the largest one-day food drive in America!

~Always the 2<sup>nd</sup> Saturday in May~

Last year, the food drive resulted in 72.5 million pounds of food collected across the country! This year will be the 23rd annual Letter Carriers' Stamp Out Hunger Food Drive. **Place your non-perishable food items in a bag by your mailbox by 7 a.m. Saturday, May 9, and they will be collected along with your mail.**
